

PROGRESSION RULES FOR CURRICULUM 2020

1. Business Communication I (CS1) should be completed before applying for any of the Professional Knowledge course units in Business Level II. However, students should complete all Communication Skills course units before applying for the Integrated Case Study (SL5) course unit.
2. Students should complete all Information Technology (IT) course units before applying for the Integrated Case Study (SL5) course unit.
3. Students can progress vertically or horizontally in the Professional Knowledge course units of Business Level to Strategic Level.
4. Students will be permitted to progress to the Corporate Level when and only when the lower course units in the same pillar at Business Level are completed.
5. Students will be permitted to progress to the Strategic Level when and only when the lower course unit in the same pillar at the Corporate Level is completed.
6. Completion of Professional Experience is not mandatory to apply for the Professional Knowledge course units at the Business Level and Corporate Level.
7. Students should complete 220 working days of Business Level Professional Experience and 220 working days of Corporate or Strategic Level Professional Experience after being eligible for the Certified Business Accountant (CBA) qualification to apply for any of the Professional Knowledge course units at the Strategic Level.

Note to students:

1. CA Sri Lanka encourages students to complete all Communication Skills (CS) course units and Information Technology (IT) course units at an early stage as it would be beneficial to apply for the Integrated Case Study (SL5) course unit.
2. CA Sri Lanka encourages students to complete Professional Experience pillar in parallel with Professional Knowledge pillar to enable early completion of the full curriculum while acquiring both Professional Knowledge and Professional Skills.
