

Some of Sri Lanka's well known Chartered Accountants have come onboard to build the capacity and nurture the aspirations of young members of the Institute of Chartered Accountants of Sri Lanka (CA Sri Lanka).

The "Nurturing Aspirations" Mentoring Programme organised for a third time, kicked off recently with over 100 mentees in attendance. The three month programme is recognised as an important platform to help young as well as new members of the Institute to reach their full potential in the profession, develop skills and improve performance to progress. The mentors are also expected to give guidance to the young CAs so that they can go on to be effective business partners as well as business leaders.
