The members of the Institute of Chartered Accountants of Sri Lanka (CA Sri Lanka) are unique and versatile professionals, with the ability to steer any business successfully. With approximately 6000 members, based both locally and globally and known for their exceptional technical and perceptive skills, as well as financial discipline and out of the box thinking, they help them to add value to the organisation they serve for. In its capacity as the National Accountancy Organization CA Sri Lanka continuously focuses on enhancing the professional skills of its members, in ensuring that they continue to play a significant role in partnering businesses and contributing to the success of the profession as well as the public and private sectors, and thereby to the development of Sri Lanka.

CA Sri Lanka publishes a quarterly journal, i.e. "Abacus" which is an important platform for Chartered Accountants on areas such as business, strategy, leadership and other matters relevant to the profession.
