Dear Student,

CA Sri Lanka Aptitude Test - April 2024

The Institute of Chartered Accountants of Sri Lanka (CA Sri Lanka) is pleased to announce the scheduling of another Aptitude Test for April 2024, in response to the overwhelming interest from students who recently completed the GCE Advanced Level exam. **The test will be held at all our branches island-wide, including our head office in Colombo 7.** As part of our commitment to nurturing versatile Professional Accountants, CA Sri Lanka introduces the Aptitude Test as a key initiative to expedite their professional journey.

We encourage students with pending results from the 2023 (2024) G.C.E. A/L exam to register with CA Sri Lanka and apply for the Aptitude Test to qualify for the global CA Sri Lanka Professional Qualification. Students who successfully pass the Aptitude Test will enjoy the following benefits:

- Opportunity to sit for the CA Sri Lanka Business Level exams with pending A/L results.
- Commence practical training to gain professional experience.
- Gain access to the on-demand exam held every month and fast-track your way to becoming a qualified Professional Accountant.

Further, the availability of on-demand exams allows students to complete the Business Level exams while awaiting their A/L results and move on to earn their CBA (Certified Business Accountant) qualification along with one year of practical training. The CBA qualification offered by CA Sri Lanka is a well-recognised mid-level accounting qualification acknowledged by both the private and public sectors in the country.

The CA Sri Lanka Aptitude Test will evaluate students' logical reasoning, critical thinking, and situational judgement abilities, which are similar to the G.C.E. A/L Common Proficiency Test. Additionally, no general knowledge questions will be tested. Please follow the below link to download the rehearsal paper for the Aptitude Test:
